ADDITIONAL COMBAT FEATURES

You have advantage on initiative rolls. If you are surprised at the beginning of combat and aren't incapacitated, you can act normally on your first turn, but only if you enter your rage before doing anything else on that turn.

RAGE — LEVEL 1

You can enter a rage as a bonus action. While raging, you gain the following benefits if you aren't wearing heavy armor:
- You have advantage on Strength checks and Strength saving throws.
- When you make a melee weapon attack using Strength, you gain a bonus to the damage equal to your Rage Damage.
- You have resistance to bludgeoning, piercing, and slashing damage.

You can't cast spells or concentrate on them while raging. Your rage lasts for 1 minute. It ends early if you are knocked unconscious or if your turn ends and you haven't attacked a hostile creature or taken damage since your last turn. You can also end your rage on your turn as a bonus action.

UNARMOURED DEFENCE — LEVEL 1

Your Armour Class equals 10 + your Dexterity modifier + your Constitution modifier when you are not wearing armour. You can still use a shield.

RECKLESS ATTACK — LEVEL 2

When you make your first attack on your turn, you can decide to attack recklessly. Doing so gives you advantage on melee weapon attack rolls using Strength during this turn, but attack rolls against you have advantage until your next turn.

DANGER SENSE — LEVEL 2

You have advantage on Dexterity saving throws against effects that you can see, such as traps and spells. To gain this benefit, you can't be blinded, deafened, or incapacitated.

PRIMAL PATH FEATURE — LEVEL 3

While you rage, you can charge the first attack you make each turn with either fire or radiance. The weapon's damage type for the attack becomes fire or radiant, respectively, and an additonal effect:
Fire. You can choose up to two additional secondary targets within your weapon's reach. If the attack hits its primary target, flames arc onto the secondary targets. If the attack roll that was made against the primary target would also hit a secondary target, that secondary target takes fire damage equal to 1d4 + half your Barbarian level.
Radiance. Attack reach is increased by 15 feet. After you declare your attack's target, you disappear in a flash of light. You then reappear at an unoccupied location within 5 feet of the target, and complete the attack. If there is no space available within 5 feet of the target, the attack fails.

EXTRA ATTACK — LEVEL 5

You can attack twice, instead of once, whenever you take the Attack action on your turn.

FAST MOVEMENT — LEVEL 5

Your speed increases by 10 feet while you aren't wearing heavy armor.

PRIMAL PATH FEATURE — LEVEL 6

When you take a short rest and spend the entire rest in sunlight, you regain an additional 1d6 hit points if you spend at least one hit die during the rest, and you are provided with enough nourishment to sustain yourself for one day. Also, you gain both the control flames cantrip and the light cantrip if you don't already have them. Your spellcasting ability for these spells is Constitution.

FERAL INSTINCTS — LEVEL 7

You have advantage on initiative rolls. If you are surprised but aren't incapacitated you can act normally on your turn, but only if you enter a rage before doing anything else.

BRUTAL CRITICAL — LEVEL 9

You roll one additional weapon damage die when determining the extra damage for a critical hit with a melee attack. You roll two additional dice at **13th level** and three at **17th level**.

PRIMAL PATH FEATURE — LEVEL 10

You can cast the phantom steed spell, but only as a ritual. For you, this spell summons a semi-transparent steed made from light and fire. The steed sheds bright light in a 10-foot radius, and dim light 10 feet beyond that.

RELENTLESS RAGE — LEVEL 11

If you drop to 0 hit points while you're raging and don't die outright, you can make a DC 10 Constitution saving throw. If you succeed, you drop to 1 hit point instead.

Each time you use this feature after the first, the DC increases by 5. When you finish a short or long rest, the DC resets to 10.

PRIMAL PATH FEATURE — LEVEL 14

Choose fire or radiance. The creature must make a Constitution saving throw with a DC of 8 + proficiency bonus + Constitution modifier.
Fire. The creature takes 3d8 fire damage on a failed save, or half as much damage on a successful one.
Radiance. On a failed save, the creature is blinded until the start of its next turn.

PERSISTENT RAGE — LEVEL 15

Your rage is so fierce that it ends early only if you fall unconscious or if you choose to end it.

INDOMITABLE MIGHT — LEVEL 18

If your total for a Strength check is less than your Strength score, you can use that score in place of the total.

PRIMAL CHAMPION — LEVEL 20

Your Strength and Constitution scores increase by 4. Your maximum for those scores is now 24.

RACIAL TRAITS

Saving Face. If you miss with an attack roll or fail an ability check or a saving throw, you can gain a bonus to the roll equal to the number of allies you can see within 30 feet of you (maximum bonus of +5). Once you use this trait, you can't use it again until you finish a short or long rest.

BACKGROUND

You are the heir to something of great value- not mere coin or wealth, but an object that has been entrusted to you and you alone. Your inheritance might have come directly to you from a member of your family, by right of birth, or it could have been left to you by a friend, a mentor, a teacher, or someone else important in your life. The revelation of your inheritance changed your life, and might have set you on the path to adventure, but it could also come with many dangers, including those who covet your gift and want to take it from you- by force, if need be.

Control Flames (Cantrip)

LEVEL 0

Class: Barbarian

RANGE	ACTION	SAVE
60 feet	1 action	

DURATION	USES	VALUE
Instantaneous or 1 hour	Used - Total -	

RECOVERS: S

EFFECT

You choose nonmagical flame that you can see within range and that fits within a 5-foot cube. You affect it in one of the following ways:
• You instantaneously expand the flame 5 feet in one direction, provided that wood or other fuel is present in the new location.
• You instantaneously extinguish the flames within the cube.
• You double or halve the area of bright light and dim light cast by the flame, change its color, or both. The change lasts for 1 hour.
• You cause simple shapes-such as the vague form of a creature, an inanimate object, or a location-to appear within the flames and animate as you like. The shapes last for 1 hour.
If you cast this spell multiple times, you can have up to three noninstantaneous effects created by it active at a time, and you can dismiss such an effect as an action.

Light (Cantrip)

LEVEL 0

Class: Barbarian

RANGE	ACTION	SAVE
Touch	1 action	

DURATION	USES	VALUE
1 hour	Used - Total -	

RECOVERS: V, M (a firefly)

EFFECT

You touch one object that is no larger than 10 feet in any dimension.
Until the spell ends, the object sheds bright light in a 20-foot radius and dim light for an additional 20 feet. The light can be colored as you like. Completely covering the object with something opaque blocks the light. The spell ends if you cast it again or dismiss it as an action.
If you target an object held or worn by a hostile creature, that creature must succeed on a Dexterity saving throw to avoid the spell.

Blood Spear

TYPE: Weapon (Spear) | RARITY: Uncommon | REQUIREMENTS:

ATTUNEMENT: ✓ | USES: Used / Total | DURATION:

RECOVERS:

EFFECT

avan was a ruthless chieftain whose tribe lived in the Balinok Mountains centuries before the arrival of Strahd von Zarovich. Although he was very much alive, Kavan had some traits in common with vampires: he slept during the day and hunted at night, he drank the blood of his prey, and he lived underground. In battle he wielded a spear stained with blood. His was the first blood spear, a weapon that drains life from those it kills and transfers that life to its wielder, imbuing that individual with the stamina to keep fighting.

When you hit with a melee attack using this magic spear and reduce the target to 0 hit points, you gain 2d6 temporary hit points.

Ring of Evasion

TYPE: Ring | RARITY: Rare | REQUIREMENTS:

ATTUNEMENT: ✓ | USES: Used / Total: 3 | DURATION:

RECOVERS: 1d3, dawn

EFFECT

This ring has 3 charges, and it regains 1d3 expended charges daily at dawn. When you fail a Dexterity saving throw while wearing it, you can use your reaction to expend 1 of its charges to succeed on that saving throw instead.
