SPEED, SENSES, & CONDITIONS

Saving Face. If you miss with an attack roll or fail an ability check or a saving throw, you can gain a bonus to the roll equal to the number of allies you can see within 30 feet of you (maximum bonus of +5). Once you use this trait, you can't use it again until you finish a short or long rest.

RACIAL TRAITS

Darkvision. You can see in dim light within 60 feet of you as if it were bright light, and in darkness as if it were dim light.

Uphold the Legion. You can deal an extra 2d6 damage to a creature you hit with a weapon attack if that creature is within 5 feet of an ally that isn't incapacitated. You can use this trait only once per combat.

You can extend the benefit of your Saving Face trait to an ally. As a reaction, if an ally misses with an attack roll or fails an ability check or a saving throw, you can grant a bonus to the roll equal to the number of allies your ally can see within 30 feet (including you, maximum bonus of +5). As normal, once you use this trait, you can't use it again until you finish a short or long rest.

Vital Sacrifice (Bonus Action—1 hr or til expended). You can choose to take 1d6 necrotic damage to gain a blood boon. You can expend this boon:

When you make an attack roll, you roll 1d6 and add it to the total.

When you hit with an attack or spell, you deal an additional 2d6 necrotic damage.

When you cause a creature to make a Strength, Dexterity, or Constitution saving throw, roll a d4 and reduce their save by the amount rolled.

Rage (Bonus Action—4/Long Rest). Advantage on Strength checks and Strength Saves.

A +3 to damage rolls with strength melee weapon attacks.

You have resistance to bludgeoning, piercing, and slashing damage.

Unarmored Defense. While you aren't wearing armor, your AC equals 12. You can use a shield and still gain this benefit.

Reckless Attack. When you make your first attack on your turn, you can decide to attack recklessly. Doing so gives you advantage on melee weapon attack rolls using Strength during this turn, but attack rolls against you have advantage until your next turn.

Danger Sense. You have advantage on Dexterity saving throws against effects that you can see, such as traps and spells. To gain this benefit, you can't be blinded, deafened, or incapacitated.

Extra Attack. You can attack twice, instead of once, whenever you take the Attack action on your turn.

Fast Movement. Your speed increases by 10 feet while you aren't wearing heavy armor.

Feral Instinct. You have advantage on initiative rolls.

If you are surprised at the beginning of combat and aren't incapacitated, you can act normally on your first turn, but only if you enter your rage before doing anything else on that turn.

Brutal Critical. One additional weapon damage die when determining the extra damage for a critical hit with a melee attack.

Sunlit Fury. While you rage, you can charge the first attack you make each turn with either fire or radiance. The weapon's damage type for the attack becomes fire or radiant, respectively, and it gains a secondary effect. Fire: If you hit, flames arc to up to two secondary targets within reach and, if the roll would hit the second targets, they each take 1d4 + 4. Radiance: Your reach increases by 15 feet, and you disappear and reappear within 5 feet of the target to complete the attack.

Aspect of the Sun. When you take a short rest and spend the entire rest in sunlight, you regain an additional 1d6 hit points if you spend at least one hit die during the rest, and you are provided with enough nourishment to sustain yourself for one day. You can cast control flames and light using Constitution as

PERSONALITY TRAITS

Sincerity. There's no good in pretending to be something I'm not. (Neutral)

IDEAL

I protect those who cannot protect themselves.

BOND

I have trouble trusting in my allies.

FLAW

You are the heir to something of great value- not mere coin or wealth, but an object that has been entrusted to you and you alone. Your inheritance might have come directly to you from a member of your family, by right of birth, or it could have been left to you by a friend, a mentor, a teacher, or someone else important in your life. The revelation of your inheritance changed your life, and might have set you on the path to adventure, but it could also come with many dangers, including those who covet your gift and want to take it from you- by force, if need be.

BACKGROUND STORY

Trauma Survivor

You survived. Whatever it was, you made it through, and you can help others do the same. People view you as an expert on the traumatic situation you faced—be it a specific sort of violence, illness, or otherwise. You are aware of nonmagical recovery techniques, common resources, and misinformation. You know how to speak to sympathetic doctors, clergy, and local leaders and can convince them to shelter one person (other than yourself) at a modest lifestyle for up to one month.

Blood Spear. Kavan was a ruthless chieftain whose tribe lived in the Balinok Mountains centuries before the arrival of Strahd von Zarovich. Although he was very much alive, Kavan had some traits in common with vampires: he slept during the day and hunted at night, he drank the blood of his prey, and he lived underground. In battle he wielded a spear stained with blood. His was the first *blood spear*, a weapon that drains life from those it kills and transfers that life to its wielder, imbuing that individual with the stamina to keep fighting.

When you hit with a melee attack using this magic spear and reduce the target to 0 hit points, you gain 2d6 temporary hit points.

Ring of Evasion. This ring has 3 charges, and it regains 1d3 expended charges daily at dawn. When you fail a Dexterity saving throw while wearing it, you can use your reaction to expend 1 of its charges to succeed on that saving throw instead.

Control Flames

Transmutation Cantrip

CASTING TIME	1 action
RANGE	60 feet
DURATION	Instantaneous or 1 hour (see below)
COMPONENTS	S

You choose nonmagical flame that you can see within range and that fits within a 5-foot cube. You affect it in one of the following ways:

- You instantaneously expand the flame 5 feet in one direction, provided that wood or other fuel is present in the new location.
- You instantaneously extinguish the flames within the cube.
- You double or halve the area of bright light and dim light cast by the flame, change its color, or both. The change lasts for 1 hour.
- You cause simple shapes-such as the vague form of a creature, an inanimate object, or a location-to appear within the flames and animate as you like. The shapes last for 1 hour.

If you cast this spell multiple times, you can have up to three non-instantaneous effects created by it active at a time, and you can dismiss such an effect as an action.

Aspect of the Sun (Barbarian) *Xanathar's Guide to Everything*

Light

Evocation Cantrip

CASTING TIME	1 action
RANGE	Touch
DURATION	1 hour
COMPONENTS	V, M (a firefly or phosphorescent moss)

You touch one object that is no larger than 10 feet in any dimension. Until the spell ends, the object sheds bright light in a 20-foot radius and dim light for an additional 20 feet. The light can be colored as you like. Completely covering the object with something opaque blocks the light. The spell ends if you cast it again or dismiss it as an action.

If you target an object held or worn by a hostile creature, that creature must succeed on a Dexterity saving throw to avoid the spell.

Aspect of the Sun (Barbarian) *Player's Handbook*
